

HEPATITIS B VACCINE STATEMENT

I understand that OSHA standards strongly recommend that all employees identified as having the potential for occupational exposure to bloodborne pathogens receive the Hepatitis B vaccine. It is not mandatory.

At this time, I chose to receive the Hepatitis B vaccine.

Employee Signature

Date

At this time, I chose not to receive the Hepatitis B vaccine. I understand that if I decide at a later date to receive it, I will still be eligible through the company.
