nymbl.systems

Nymbl Systems O&P Practice Management Software – a new comprehensive and lower-cost software designed specifically for the independent practice.

Nymbl makes it easy to:

- Access and manage patient data
- Streamline billing with auto alerts and integration with ZirMed's RCM tools
- Scheduling multiple views with the ability to text appointment reminders to patients
- Ability to quickly generate 30 different KPI reports
- Customizable WIP
- Edit and build your own forms using our customizable form builder
- Create CRM (Customer Relationship Management) tasks for referring physicians

Call Ryan Mosby today to schedule a FREE one-on-one demo! Contact Ryan at ryan@nymbl.systems, or 502-640-9755.
